

Mayor Dan Rife, City of Carthage Mayor, announces that in keeping with the declaration of emergency by the City during the COVID -19 pandemic we are going to continue to take proactive measures to keep our citizens safe. Therefore, all non-essential meetings will be canceled. Each scheduled city meeting will be evaluated by the Mayor, Committee Chairman, and city staff to determine if the meeting is essential. If it is not essential it will be canceled or postponed until the virus has passed so that citizens can meet face to face with their government officials, as intended, at a future date. To quote our Mayor, "Please be patient as these are unique times requiring unique actions to slow the spread of this pandemic, which is not yet over. I trust you will understand the need for such actions under these circumstances".
